

NEW! measuring colander

One for all, and all for one

For one-step draining and measuring, it's *the one*. This uniquely designed colander will be your one & only when it comes to preparing fruits, beans, legumes and more for your favorite recipes. Our generous 3 cup size offers plenty of room for draining but our measuring colander is small enough to stack and store with your other measuring cups. Plus, draining and measuring in one step saves you time, putting you one step ahead in the kitchen!

- Dishwasher safe (top rack only)
- Draining holes double as measuring lines
- Includes both pint & cup measurements
- Measures and drains at the same time
- Built-in tuna can drainer (works with traditional and pull-tab cans)
- Flat sides make it easy to scoop up food items
- Molded high impact ABS
