

NEW! spacetape

because there's no space for drips and splatters

Bridge the gap between stove and countertop. Spacetape keeps even the nooks and crannies of your kitchen clean. Just cut the tape to the desired length, apply it over the gap and cook away. You don't have to worry about spills anymore. When it's time to clean up, the nonstick surface of the tape is a breeze to clean!

- Eliminate crumbs and spills between countertop and appliances
- Easy wipe surface
- Cut-to-length as needed (1" x 10 ft. roll)
- Bridge gaps between even and uneven surfaces
- Easy peel-off liner
- Repositionable; removes from surfaces cleanly
- More flexible than hardware solutions
- Compact roll for easy storage
- Made in the USA

UPC-8-58748-00043-7
